

FITTINGS & CONNECTORS

Catalogue

Besco is a copper fittings manufacturer based in Germany and production facilities in China.

ENGINEERING

We are creating and producing the latest pipeline technology and products in order to provide you with reliable products-gas, water, heating and type of installation. We produce standard items like our brands or new items based on customers' demands.

MANUFACTURING

There are more than 3,000 items on our list that have been designed to meet the needs of both domestic and commercial sectors. We can easily meet the high demands of plumbing components based on our manufacturing technology and our supporting partners.

DISTRIBUTION

We deliver large quantities to our partner site or right from our warehouse for small businesses. Whatever it is, we'll dispatch to you with no compulsory structure of products.

V Profile Copper Press Fittings–GP Water Series

V Profile Sizes	12mm to 54mm
M Profile Sizes	67mm to 108mm
Application	Water, Heating, Industry
Temperature	-10°C to 110°C
Pressure	16 Bar
Standard	EN1254 -7
Approval	DVGW KIWA WRAS RISE
